- Achieved 5 stars at Hackerrank on problem-solving.
- Solved Over 450+ Question on GFG.

## TECHNICAL SKILLS

### • Programming Languages

- C/C++
- Javascript
- HTML, CSS, Reactjs, Nodejs
- MySQL , MongoDB

### • Frameworks & Libraries

- Bootstrap
- TailwindCss

### • Version Control

- Git
- Github

## COURSEWORK SUBJECTS

- Operating System
- Computer Networks
- Object Oriented Programming
- Database Management System

## EDUCATION

B.Tech. (CSE) - 71%

**Veer Bahadur Singh Purvanchal University**

📅 August 2019-23

📍 Jaunpur, UP

Higher Secondary - 65%

**Central Board of Secondary Education**

📅 2018

📍 Gorakhpur, UP

## PROJECTS

### Netflix-inspired app

- REACTJS | REACT-REDUX | FIREBASE
- Developed a Netflix clone website utilizing Reactjs, React-Redux, and Firebase.
- The site features a responsive design with a custom user interface for a seamless watching experience.
- Utilizing React.js, I implemented responsive and interactive components, To store and manage data, I integrated Firebase's real-time database and storage services. [Github](#)

### Gossip app

- REACT | SOCKET.IO
- Created a messenger application by using React and Socket.io.
- The application can display the user join and left a message.
- Users can exchange messages instantly with other connected users, with messages appearing in real-time on the chat interface. [Code Link](#)

### Event Organiser Website

- HTML | CSS | JS | Bootstrap | Nodejs | MongoDB
- Developed a multi-page event organizer website using HTML, CSS, JavaScript, Node.js, and MongoDB.
- The site features a custom-designed user interface, with features for creating and managing events, including date, time, location, and description..
- Utilized Bootstrap framework for a consistent and professional look, while custom CSS was used to match the exact design specifications of the original Hulu landing page
- This project showcases strong proficiency in full-stack web development, with an emphasis on using modern technologies to create dynamic and functional web applications [Github](#)

## CODING EXPERIENCE

- Practiced 320+ problems on leetcode - [link](#)
- Practiced 440+ problems on GFG - [link](#)
